## CIDESCO introduces exciting NEW CERTIFICATES

- Certificate in Skin Care
- Certificate in Aesthetics
- Certificate in Body Therapy

CIDESCO, the world standard for Beauty and Spa Therapy, with Accredited schools in over 30 countries worldwide, announces the launch of three exciting new Certificates which will appeal to the growing number of students who are keen to enter this dynamic, ever-expanding industry, by specialising in their areas of interest.

CIDESCO, which has been defining professional standards in the Beauty Therapy Industry since 1946, has developed these three new Certificates in response to the changes and needs within the Beauty and Spa Industry globally. The new Certificates will be offered at schools, continuing to maintain the highest standards of professional education. The CIDESCO schools will provide students with the ability to equip themselves with skills to succeed.

A student obtaining a CIDESCO qualification is assured that the qualification will be recognised and respected worldwide within the Beauty and Spa Industry. CIDESCO graduates will continue to 'stand out' in an increasingly competitive skills market.

Download the syllabi, exam procedures, exam documents and minimum hours for the three new **CIDESCO Certificates** from the CIDESCO Knowledgebase or contact CIDESCO for more information on: [info@cidesco.com](mailto:info@cidesco.com)
